58th ANNUAL DINNER
FRIDAY, NOVEMBER 5, 2021
THE METROPOLITAN CLUB
NEW YORK CITY

HONORING
AWARD FOR OUTSTANDING ACHIEVEMENT
Dómhnal Slattery

LIFETIME ACHIEVEMENT AWARD
Barbara Koster

To comply with New York City mandates, proof of vaccination and ID are required to attend this event.
Dómhnal Slattery (54) is one of the world’s leading aircraft leasing pioneers and the founding CEO of Avolon. Established in 2010, in what was one of the largest ever globally private equity funded start-ups, today Avolon is the second largest Aircraft Lessor in the world.

Dómhnal has over 30 years experience in the aircraft leasing industry and started his aviation finance career in GPA in 1989. He founded his first business, International Aviation Management Group in 1994 which he sold to Royal Bank of Scotland in 2001.

Dómhnal is committed to investing in and supporting initiatives outside of the business and aviation finance sectors and, in particular to supporting the Arts and Media. Dómhnal co-founded Newgrange Pictures which rapidly established itself as one of the leading, (film and television) independent production companies in Ireland, producing the Oscar nominated Irish language movie Kings, as well as Stella Days, starring Martin Sheen. He also founded a regional newspaper in his native Clare in 2005.

Avolon is recognised within the aviation industry as a thought leader – reflecting its many research-led ‘whitepapers’. In April 2019 Avolon published Project i, Positioning Ireland at the forefront of Global Start-Up Innovation, which assessed Ireland’s start-up ecosystem when compared to best-in-class around the world. In June of this year Avolon placed the largest ever order for zero emissions eVTOL aircraft, up to 500, underlining Avolon’s commitment to climate change.

Throughout the recent Covid-19 pandemic Avolon played its part in numerous global humanitarian efforts. These included flying over 4m pieces of individual PPE from China into Ireland on three Avolon chartered aircraft, in partnership with U2 and the Aircraft Leasing community in Dublin.

Dómhnal has received a number of awards. His most recent recognition came in February of 2020 when he was awarded the Lewis Glucksman Award for Outstanding Leadership in Business at NYU.

Barbara G. Koster, a long-time Board Member of the Ireland-U.S. Council, is the recently-retired Chief Information Officer and Senior Vice President of Operations & Systems at Prudential Financial, where she headed the Global Business & Technology Solutions Department.

As Chief Information Officer, she exercised oversight responsibility for information technology, including cyber-security, technology governance, architecture and standards, global networks and data centers at Prudential locations worldwide. She led the company’s Office of Veterans Initiatives, a program that helps veterans to transition from military to civilian life. She created a Prudential Operations and Technology center in El Paso for retiring military and military spouses to assist the transition. She was the founding member and Chairman of Pramerica Systems Ireland, a technology subsidiary of Prudential Financial, located in Letterkenny, Ireland.

During Barbara’s 24 years of service to Prudential, she also created Prudential Japan Systems Ltd, was a member of The Prudential Foundation Board of Directors, and was asked to represent Prudential on the Board of Trustees for Liberty Science Center, and Junior Achievement both in the US and Ireland.

Prior to joining Prudential in 1995, she held several positions with Chase Manhattan Bank starting in March 1976, including President of Chase Access Services. In 2007, she became a Trustee of St. Francis College, and in 2018, she joined the board of Dime Community Bancshares.

She is the proud recipient of the Tip O’Neill Irish Diaspora Award, and named in the Top 50 Executive Irish Women by Irish America Magazine.

A third-generation Irish-American with roots in Cork and Tipperary, she has a bachelor’s degree in Business Administration, Associate degrees in Accounting and Computer Technology and an honorary doctorate of humane letters from St. Francis College. Barbara and her husband, Robert, have two daughters, Kathryn and Diana, and four grandsons, Zachary, Connor, Aidan and Dylan.
